

# Length grades

**Model:**

Length Grades

**Material:**

Painted or stainless

length graders for carrots have capacities from 3-8 t/h. The machines grade the carrots by length over stainless vibrating riddles with infinitely adjustable spacing. The machine is designed in such a way that the carrots do not accumulate in the riddles, and it is available with 2, 3, or 4 grading. The length graders are delivered complete with internal electricity and are prepared for transverse belts for the individual grading.

**Standard**

Model	Dimension	Capacity t/h
EM1430	1200 mm wide 2 grades	2,5
EM1432	1200 mm wide 2 grades	3
EM1433	1200 mm wide 3 grades	3
EM1434	1200 mm wide 4 grades	3
EM1442	1400 mm wide 2 grades	4
EM1443	1400 mm wide 3 grades	4
EM1444	1840 mm wide 4 grades	4
EM1452	1840 mm wide 2 grades	7
EM1453	1840 mm wide 3 grades	7
EM1454	1840 mm wide 4 length	7
